Dear Bob - Sorry I missed dads sheet up. Ill write a few things about him on this sheet.

<u>Schools attended</u> - Charleston grade school
worked on Moulton ranch driving butter wagon
Daily West Mine in Park City & livery stables
from 1907 - 1909 - Moved to Heber and he
worked as power plant operator for city.
The plant closed in 1920 - (we lived at the
plant for a few years), after the plant
closed dad went back to the mines for
awhile. Then he got a job as Game
warden for Wasatch County for 5 years
In 1930 the plant reopened and dad
went back there as an operator & worked
there for 30 years until he died

<u>Hobbies</u> - carpenter - gardner - raised
chickens & a pig & cow. Canaries

<u>Positions in church</u> - none to my
knowledge - He was backward. He
did go to church all the time and was
a home teacher. I dont know if he
was made a high priest or not.

<u>No</u> Military service

<u>Faith</u> Promoting experiences
Dad had several serious operations
one time after one of these operations
on his first night back at the plant
mother was so worried about him
for fear he would lay down and
get uncovered & get sick again (He was
able to sleep on a cot on nite shift - just
so he was there in case any thing went

wrong.) She prayed that he wouldn't get uncovered. The next morning he came home and told her the strangest thing had happened in the night. He became cold and as he woke up he felt someone pulling the covers up around his neck, but he couldn't see anyone. Mother never told him what had happened, but she knew her prayers had been answered.

Dad always said he married the prettiest girl in Wasatch County and the best cook - He loved her dearly and I never heard him ever speak an unkind word to her. He was good to us kids too - diciplined us but with kindness. He helped the widows around us & was kind to everyone. He loved canaries & always had one -

He died Jan 8 - 1952 of cancer.
